Dear James,

Williamson-Dickie Canada Co. (Dickies) is proud to support the Hammer Heads program through the Central Ontario Building Trades. We recognize the value of providing hands on training, in a variety of trades, to young men and women who come from priority neighbourhoods. Hammer Heads is important because the program provides these young Canadians with exposure to valuable career skills.

We are also pleased to support Hammer Heads' commitment to address the changing needs of young people across the Greater Toronto Area, and we fully embrace your efforts to bring people together to make our communities safer.

Like Hammer Heads, Dickies believes in improving our communities, and working with groups like yours, to instill the values of professionalism, commitment and determination in young people all across Canada.

Dickies is proud to be associated with this community-based program and we look forward to a collaborative and productive relationship with "The Hammer Heads." Keep up the great work!

Sincerely yours,

Ryan Sampson
